This Plan was prepared and published by the Cranborne Chase AONB Partnership which would like to acknowledge the 75% grant aid given by Defra towards its production. The seven Local Authorities involved in the Partnership provided the 25% match funding. The Local Authorities have formally adopted this Plan.

The AONB Partnership would also like to extend its sincere thanks once again to the many parish councils, local communities, farmers, landowners, managers, organisations and interest groups who contributed to this Plan or commented on draft versions. 187 different comments were received and taken into account. The involvement of so many groups and individuals has provided its foundation and substance. This Plan is for everyone who enjoys, lives or works in this nationally Protected Area.

The Partnership would like to thank Paul Tiplady, of Craggatak Consulting, who worked closely with the AONB Team, to draw up the final draft of this Plan. Map production courtesy of GIS contractor Harry Bell of Jubilee Computing Services Ltd. The Partnership would also like to thank Richard Broadway for his considerable time and effort in designing the Plan.

Post note to this Management Plan:

On April 3rd 2019, this AONB Partnership received confirmation from the National Lottery Heritage Fund, that the Cranborne Chase and Chalke Valley Landscape Partnership bid for £1.68m had been successful. The five year Landscape Partnership Scheme, with a total value of £2.7m will run 2019-2024, concurrently with the period of this Management Plan.
