

Instructions: stars by torch light

Materials and equipment:

- pencil
- pencil sharpener
- A4 sheet black card
- blob of Blu Tac or Plasticine
- Torch

How to make stars by torch light:

1. Cut your A4 card into 4 pieces (makes A6 size)
2. Draw in pencil your constellation, see examples below
3. Place the blu tac under your card where a star is
4. Carefully push your pencil through the card to make a hole where the star would be
5. Repeat for all the stars
6. Shine a torch through the card to show the stars shining on your wall

Other ideas & tips:

- Keep your pencil sharp, but be careful to push through the card into the blu tac not your hands or fingers!
- Turn off the lights for full starlight effect
